**Filed** : **September 5, 2003**

**REMARKS**

Claims 11-32 are pending in the present application and are presented for examination herein.

*Amended Terminal Disclaimer*

In response to Pars. 2-4 of the Office Action, Applicant submits herewith an amended terminal disclaimer in compliance with 37 C.F.R. §1.321. Applicant submits that this disclaimer overcomes the Examiner's non-statutory double patenting rejection of Claims 11-32. Applicant previously submitted this Terminal Disclaimer by facsimile on September 8, 2004 in response to the Examiner's request to this effect. In a telephone conference of September 22, 2004, the Examiner advised that he had not received the Amended Terminal Disclaimer.

*Review of Specification*

In response to Par. 5 of the Office Action, Applicant has reviewed the specification for additional errors, and has become aware of no such additional errors.

Based on the foregoing, Applicant submits that Claims 11-32 are now in condition for allowance, and requests that the Examiner pass this case to issuance at the earliest opportunity.

*Other Remarks*

Applicant hereby specifically reserves the right to prosecute claims of different or broader scope in a continuation or divisional application.

Applicant notes that any claim cancellations or additions made herein are made solely for the purposes of more clearly and particularly describing and claiming the invention, and not for purposes of overcoming art or for patentability. The Examiner should infer no (i) adoption of a position with respect to patentability, (ii) change in the Applicant's position with respect to any claim or subject matter of the invention, or (iii) acquiescence in any way to any position taken by the Examiner, based on such cancellations or additions.
